

Date: 30/06/2015

**TO WHOMSOEVER IT MAY CONCERN.**

This is to clarify that ROTAVAC can be transported from the C & F to the distributor and from the distributor to the doctor's clinic at 2-8°C. The product needs to be stored at C & F and the distributor at -20°C upon arrival.

However it can be stored at the doctor's clinic at 2-8°C for 6 months at any time during the shelf life of the product or at -20°C till the expiry.

For Bharat Biotech International Limited
